

# FRESH N CLEAN MULTI-PURPOSE CLEANER CONC

## DESCRIPTION:

This product was developed to save money and shipping costs for our customers. Our regular product contains surfactants, detergents and emulsifiers. It also contains 89% water. Our chemists have developed a way to take out all of the water and leave just the active ingredients. By eliminating the water from a 55 gallon drum of our regular product, you end up with 6 gallons of active ingredients. By adding (11%) of raw materials to 49 gallons (89%) of water, you are actually making your own 55 gallon drum of product that can be diluted even further.

## TO USE:

Mix concentrate into a drum and then dilute according to your application.

**Floors & Kitchens:** Mix 1/4 cup per gallon of water.

**Bathrooms & Walls:** Dilute 10:1. Spray on sponge, cleaning towel, etc. and wipe surface clean.

## ADVANTAGES:

- Totally biodegradable.
- Works in hot or cold, hard or soft water.
- Leaves no film, scum or soap deposits.
- Leaves a long-lasting pleasant fragrance.
- Free rinsing.
- Will not harm any surface not harmed by water.
