

INDUSTRIAL SUPPLY BREAK

DESCRIPTION:

This product is specially formulated to be used with Brody's Super Concentrated Product System for laundries. This product is formulated for industrial supply linen plants. It quickly and effectively emulsifies synthetic greases and oil. To be used in conjunction with a surfactant.

CAUTIONS:

Highly alkaline liquid. Contact with skin and eyes may cause severe irritation. Harmful if swallowed. Flood with water if splashed in eyes. Flush with water for 15 minutes and consult a physician immediately. If ingested, drink large amounts of milk, milk of magnesia or gelatin, or if these things are not available, drink large amounts of water. Do not induce vomiting. Obtain prompt medical attention. Consult Material Safety Data Sheet for further information on product acceptability. Rinse empty containers before disposal in an authorized landfill site.

DIRECTIONS:

For normal soils: Use 4 to 6 ounces of product per hundred pounds of laundry. While this product is completely soluble at all normal water temperatures, optimum soil release will be obtained in hot (140° F. to 160° F.) temperatures. May be used up front as a prewash or separately in a break bath.

PRECAUTION: AL USARIO: Si usted no lee Ingles, no use este producto, hasta que la etiqueta le haya sido explicada ampliamente.

TO THE USER: If you cannot read English, do not use this product until this label has been fully explained to you.
