90 (92)	-230 (<-73)	55 (13)
100 (100)	-145 (<-73)	55 (13)

DESCRIPTION:

Summertime windshield accumulations such as bugs, road film, grease and oil are cleaned off better with this product. It washes and dries windshields quickly and without streaking. It attacks winter's problems of splashing salt, mud and snow on windshields.

CAUTIONS:

POISON: Product contains Methyl Alcohol. It cannot be made nonpoisonous. Use only in a well ventilated area. Keep away from heat or open flame. **Ingestion:** Drink 1 or 2 glasses of water. Immediately contact physician, hospital emergency room, or Poison Control Center for instructions to induce vomiting. If no medical advice is readily available, induce vomiting by administering Syrup of Ipecac according to instructions. If Ipecac is unavailable, induce vomiting with finger or back of spoon. Get prompt medical attention. **Eyes:** Flush with clear water for 15 minutes. Seek prompt medical attention. **Skin:** Wash with soap and water. Keep container sealed when not in use. Triple rinse and dispose of empty container in an authorized landfill site.

DIRECTIONS:

This is a concentrated product that should be diluted with water before using. Dilute with up to 8 parts for excellent cleaning during summer months and with 2 parts for full protection during winter months. A drum proportioner is recommended to assure proper mixture and provide excellent economy. Product works in temperatures as low as 15° F. below zero. Will not freeze and cause damage in the reservoir and pump.

This product can save up to 70% of the cost of buying a ready-to-use product and is harmless to all automotive surfaces including wiper blades, chrome, painted surfaces, etc.

It is recommended for all truck and auto maintenance shops, lube and oil centers, car dealers, cab companies, police departments, etc.

2:1 ratio equals -15 F.

3:1 ratio equals 0 F.

4:1 ratio equals 5 F.

5:1 ratio equals 20 F.
