

PROTECTIVE COATING

Capa Protectora

DESCRIPTION:

This product dries and buffs within minutes to a clear, streak-free finish. Guards surfaces against dust, finger marks, smudges, build-up, concrete, film, water spots and pollution fallout. Resists scratching, marking and soil accumulations. Imparts water repellency, luster and non-soiling qualities to treated surfaces. Odorless, safe. Effective in hot or cold weather. Use on glass, vinyl, Formica, tile, mirrors, leather, chrome, plastic, Plexiglas, painted surfaces, etc.

- Repels dust, dirt, smudges and water spots.
- Increases water repellency, luster and non-soiling qualities.
- Provide brighter lighting by cleaning and protecting light fixtures and reflectors of fluorescent lights.
- Protect, shine and reduce maintenance of glass mirror and laminated surfaces in hotels and motels, retail and display stores.

DIRECTIONS:

Apply lightly to a clean, dry surface. Spray directly onto surface or apply with a sponge or soft, clean cloth. Remove excess with a clean cloth. Immediately buff to a high luster with a soft, dry cloth or towel for best results and to prevent streaking. Additional coats may be built up to increase water repellency, luster and non-soiling qualities of surface.

CAUTIONS:

Keep out of the reach of children. Do not use, spill or store near heat or open flame. Product contains isopropanol. Do not ingest. If ingested, contact physician immediately. If eyes are contacted flush with clear water and seek medical attention. Triple rinse empty container before disposal in an authorized landfill.

PRECAUTION: AL USARIO: Si usted no lee Ingles, no use este producto, hasta que la etiqueta le haya sido explicada ampliamente.
TO THE USER: If you cannot read English, do not use this product until this label has been fully explained to you.
