

# STAINLESS POLISH

## OIL BASED

Cleans, polishes, preserves and protects stainless steel without hard rubbing and polishing. Resists finger prints, grease and water spatter. Helps preserve the factory finish. Also excellent for chrome.

### DIRECTIONS

Hold can upright. Press button and spray a small area until wet. Use sparingly. Clean with one cloth and polish with a clean, dry cloth. The gloss is renewed and will be retained. The cleaning process is simple. No rubbing is required. Contains no acid or abrasive substances. Will not leave a powdery residue. Not to be used on cooking utensils, such as pots, pans, knives, forks or spoons. Do not allow overspray to get on floors since it will be slippery.

<b>Specs:</b>	
<b>Net Weight</b>	15 oz.
