

ALUM-A-BRIGHT

Abrillantador De Aluminio

DESCRIPTION:

This product is designed for fast and effective removal of oxidation and corrosion from aluminum surfaces, particularly trailers and transportation equipment.

**FOR CLEANING AND BRIGHTENING ALUMINUM TRAILERS,
BUSES AND AUTOMOTIVE EQUIPMENT ONLY.**

CAUTIONS:

Do **NOT** use on polished aluminum, will turn bleach white. Keep out of the reach of children. Product contains inorganic acids, avoid contact with eyes, skin or clothing. It is advisable to wear protective clothing during application procedure. If eyes or skin are affected, flush with copious amounts of water for 15 minutes. Contact physician. If ingested, drink large amounts of milk of magnesia or water beaten with egg whites. Contact physician. Keep container sealed when not in use. Triple rinse empty container before disposal in an authorized landfill site *Contains Hydrofluoric Acid*

DIRECTIONS:

HAND WASHING: Dilute 1 part Alum-A-Bright with up to 40 parts of water, preferably in a polyethylene container (prolonged contact with a metal container will eventually corrode the container.) Apply to the surface of a section with a soft bristle brush, starting at the bottom and working up. After 3 to 5 minutes reacting time, scrub briskly with the application brush and rinse thoroughly with water.

FOR SPRAY APPLICATION: Dilute 1 part with up to 40 parts of water. Spray using a fan shaped spray, starting at the bottom and working up. Allow to work a few minutes and rinse with a pressure hose from the top down.

Excellent for descaling water deposits on outside windows and badly scaled shower stalls and car washes.

PRECAUTION: AL USARIO: Si usted no lee Ingles, no use este producto, hasta que la etiqueta le haya sido explicada ampliamente.

TO THE USER: If you cannot read English, do not use this product until this label has been fully explained to you.
