

# DISHMACHINE DESCALER

Anticorrosion De Lavaplatos

## DESCRIPTION:

Alkaline films and residues may be effectively removed from chrome, stainless steel, porcelain, ceramic tile, grout, sinks, bathtubs and shower stalls, windows and cooking equipment with regular use of this product, thereby eliminating the need for expensive, time-consuming procedures.

In janitorial and industrial applications, this product is ideal for removal of oxides and carbonates which accumulate on metallic surfaces causing a dull, filmy appearance. This product will brighten metal and remove light rust deposits, and is very effective in the removal of rust stains from marble, granite and concrete.

In food related industries, this product is non-flammable, biodegradable, has low toxicity, no harsh fumes or vapors, free-rinsing and is highly concentrated for maximum economy. It has been authorized by the USDA for use in all departments of federally inspected meat, poultry and food processing establishments when used in accordance with label instructions.

## CAUTIONS:

Product contains inorganic acids, avoid contact with eyes, skin or clothing. It is advisable to wear protective clothing during application procedure. If eyes or skin are affected, flush with copious amounts of water for 15 minutes. Contact physician. If ingested, drink large amounts of milk of magnesia or water beaten with egg whites. Contact physician. Keep containers sealed when not in use. Triple rinse empty container before disposal in an authorized landfill site.

## DIRECTIONS:

Potable water rinse is required in all food contact areas. To clean the inside of a commercial machine: Pour half of one gallon of Dishmachine Descaler directly into dishmachine, then tightly close machine and run a full wash cycle.

## SUGGESTED DILUTIONS:

- |                             |         |
|-----------------------------|---------|
| 1. Heavy Encrustation ..... | 1 to 4  |
| 2. Ice Machines .....       | 1 to 15 |
| 3. Milkstone Removal .....  | 1 to 30 |
| 4. Alkaline Film .....      | 1 to 10 |
