EPA Est. No. 7546-WI-1

Reference Sheet

Read the label affixed to the container for this product before applying. Use of this product according to the reference sheet is subject to the use precautions and limitations imposed by the label affixed to the container for this product. For use in hospitals, nursing homes, and other health care facilities as well as food service establishments and animal housing facilities. Effective against the following pathogens:

*VIRUSES	*Adenovirus type B ¹ *Herpes Simplex Virus Type 2 ¹ *Hepatitis B virus (HBV) ¹	*Hepatitis C virus (HCV) ¹ *HIV-1 ² *Human Coronavirus ¹	*Influenza A virus (H1N1) ² *Influenza Virus Type A2 ¹ *Norovirus ^{1*}	*Parainfluenza Virus Type 3 ¹ *Poliovirus Type 1 ¹ *Respiratory Syncytial Virus ¹	*Rhinovirus Type 37 ¹ *Rotavirus ¹ *Vaccinia Virus ¹	¹ 5 minute contact time ² 1 minute contact time
BACTERIA	Pseudomonas aeruginosa Salmonella enterica Staphylococcus aureus Staphylococcus aureus (MRSA) ¹ Staphylococcus aureus (CA-MRSA 400) ¹	Staphylococcus aureus (CA-MRSA 300) ³ Enterococcus faecium, (VRE) ³ ³ Antibiotic-Resistant	NON-FOOD CONTACT SANITIZATION Staphylococcus aureus Klebsiella pneumoniae Escherichia coli Enterococcus faecalis	Listeria monocytogenes Pseudomonas aeruginosa Salmonella enterica		
ANIMAL VIRUSES	*Avian Influenza Virus A, (H3N2) ¹					
	KEEP OUT OF REACH OF CHILDREN CAUTION					
			DILUTION	Disinfection 2 oz. of product per gallon of water Non-Food Contact Sanitizer 1 - 2 oz. of product per gallon of water		
			ACTIVE INGREDIENTS	Hydrogen Peroxide 4.25% Inert Ingredients..... 95.75% Total: 100.00%		

ADDITIONAL MARKETING STATEMENTS:

This product is designed for use on the following hard, non-porous inanimate surfaces: vinyl, painted surfaces, plastic, glass, mirrors, glazed ceramic, glazed porcelain, chrome, stainless steel, aluminum, laminated surfaces and baked enamel surfaces associated with floors, walls, ceilings, tables, chairs, countertops, telephones, fixtures, glazed tile, toilets, urinals, sinks, sink basins, faucets, tubs, shower rooms and locker rooms, locker room areas, cages, kennels, animal equipment - any hard, non-porous areas, any hard, non-porous washable (non-food contact) surface where disinfection is required. This product's formula eliminates the time and labor normally required for rinsing. Do not use on glasses, dishes and utensils.

MALODOR ACTIVITY/ODOR COUNTERACTANCY:

Reduces odors and odor-causing bacteria on hard, nonporous surfaces, in restroom areas behind and under sinks and counters, and storage areas and other places where bacterial growth can cause malodors when used as directed at a 1:64 - 1:128 dilution (1 - 2 oz. per gallon of water), in the presence of 200 ppm hard water and a 3 minute contact time.

ADDITIONAL DIRECTIONS FOR USE:

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

FOR USE TO CLEAN AND DISINFECT SHOWER ROOMS, LOCKER ROOMS, AND OTHER LARGE, OPEN AREAS WITH FLOOR DRAINS:

Pre-clean heavily soiled areas. Apply Use Solution to floors, walls and ceilings making sure not to over spray. To disinfect, all surfaces must remain wet for 10 minutes. Scrub using a deck brush or other coarse material as necessary. Rinse surfaces thoroughly and let air dry. Note: When cleaning floors position wet-floor signs around area to be cleaned. Floors will be slippery when wet or contaminated with foreign materials.

FOR USE AS A BOWL CLEANER/DISINFECTANT IN TOILET BOWLS (AND URINALS) FROM USE-DILUTION:

Pre-clean heavily soiled areas. Empty toilet bowls by forcing water through the trap. Apply Use Solution to exposed surfaces in toilet bowls and urinals. Swab entire surface area especially under the rim. Allow entire surface to remain wet for 10 minutes. Flush toilet or urinal and rinse swab applicator thoroughly.

FOR USE AS A CLEANER/DISINFECTANT IN FOOD PROCESSING PLANTS:

Before using this product in food processing areas, food products and packaging materials must be removed from the room or carefully protected. Apply Use Solution evenly over surface. Be sure to wet all surfaces thoroughly. Allow product to remain on surface for 10 minutes. Wipe with clean cloth, sponge or paper towel. For heavily soiled areas, thoroughly clean surface prior to disinfecting. This product must not be used to disinfect utensils, glassware, and dishes.

FOR USE AS A DEODORIZER:

Dilute at 1 oz. - 2 oz. of product per gallon of water (1:64 to 1:128). Apply to hard, non-porous surfaces. Let stand for 3 minutes. Wipe surfaces and let air dry.

FOR TREATMENT OF ANIMAL HOUSING FACILITIES (INCLUDING POULTRY BARNS):

Remove all animals and feeds from areas being treated. Remove all litter and manure from floors, walls and surfaces of barns, pens, stalls, chutes, and other facilities occupied or traversed by animals. Empty or cover all troughs, racks and other feeding and watering appliances. Thoroughly clean all surfaces with soap or detergent and rinse with water. Apply fresh Use Solution to floors, walls, cages and other washable hard, non-porous inanimate surfaces. For smaller surfaces, use a trigger spray bottle to spray all surfaces with solution until wet. To disinfect, all surfaces must remain wet for 10 minutes. Immerse all halters, ropes, and other types of equipment used in handling and restraining animals, as well as forks, shovels, and scrapers used for removing litter and manure. Ventilate buildings and other closed spaces. Do not house animals or re-employ equipment until product has dried. To kill viruses on feed racks, troughs, automatic feeders, fountains and watering appliances scrub with use-solution, let stand 5 minutes. For disinfection of feed racks, troughs, automatic feeders, fountains and watering appliances scrub with use-solution, let stand ten 10 minutes. Then thoroughly scrub all treated surfaces with soap or detergent and rinse with potable water before reuse. Note - When cleaning floors position wet-floor signs around area to be cleaned. Floors will be slippery when wet or contaminated with foreign materials. Promptly clean up spills and foreign materials.

FOR USE AS A CLEANER/DEGREASER:

Dilute product at 1/2 oz - 2 oz of product per gallon of water (1:64 to 1:256). Apply to hard, non-porous surfaces. Wipe surfaces and let air dry

See container label for use directions and additional requirements for First Aid, Precautionary Statement, and Storage and Disposal.
