

PORTACHEMICAL

Químico Portable Deodorizante

DESCRIPTION:

This product is a highly concentrated, portable chemical toilet deodorizer recommended for use on commercial bus lines, boats, houseboats, airplanes, motor homes, all types of vault toilets and portable outdoor toilets. It has a very pleasant "Cherry" fragrance that continues to control unpleasant waste odors long after other deodorants quit working. It contains a very strong "waste digester" that dissolves and breaks down the waste and toilet paper.

CAUTIONS:

Avoid contact with skin, eyes and mucous membranes. Since the vapor may be irritating, use only in a well ventilated area. Prolonged or repeated contact may cause allergic reaction. Keep product from freezing. In case of contact with skin or eyes, flush with water for 15 minutes. For eyes get prompt medical attention. If swallowed, give 1 or 2 glasses of water or milk and contact a physician immediately.

DIRECTIONS:

Motor Homes/Marine Holding Tanks: 8 ounces of Portachemical in hot water will effectively control odors in a 40-50 gallon waste holding tank.

Aircraft/Commercial Buses: Service toilet according to manufacturer's recommendations: Allow 1 to 2 ounces of Portachemical per 5 gallons of waste. May be used with chemical pre-mix systems or added directly to toilet.

Portable Toilets: 2 ounces of Portachemical in 5 gallons of water will effectively control odors in a 20-25 gallon waste holding tank.

Vault Toilets: Pour 2 quarts of Portachemical into a freshly pumped vault. To maintain fresh, clean smelling units add 2-4 ounces, as needed.

PRECAUTION: AL USARIO: Si usted no lee Ingles, no use este producto, hasta que la etiqueta le haya sido explicada ampliamente.

TO THE USER: If you cannot read English, do not use this product until this label has been fully explained to you.
