

# Snow & Ice Melt

**BRODY**  
CHEMICAL

Purchasing your ice and snow melt supplies straight from Brody Chemical gives you reliable supply, trustworthy lead times, consistent quality, exemplary customer service, and the security knowing you're buying from an eco-conscious company. Available at wholesale prices intended for distributors, landscapers, facilities, and retail.

Manufactured using pure chlorides from the Great Salt Lake in Utah.

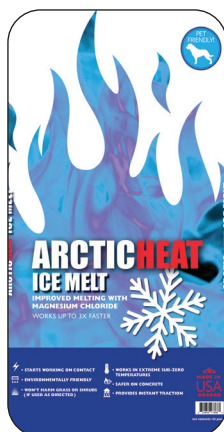

## ECOMELT NATURE'S ICE MELT (3067)

- Pet friendly.
- Each granule is coated with Liquid Heat, which melts to  $-25^{\circ}\text{F}$  to help the product work faster.
- Non-tracking, resists staining of carpets and floors.
- Unlimited shelf life when stored properly.
- It is 100% soluble and contains only biodegradable, natural minerals.
- Will not harm vegetation when used as directed.
- Safe for concrete when used according to manufacturer's specifications.
- Economical when used according to label directions.
- Available and packaged in 20 lb. bags (120 per pallet) or 50 lb. bags (48 per pallet) and is sold to wholesale distributors by the truckload (18 pallets per truckload).
- All pallets are covered with a UV resistant black pallet cover and triple-wrapped with commercial grade cellophane for storage.

## POLAR ICE MELT Breaks the Ice Barrier (3057)

- 100% non-toxic to children and pets.
- Each granule is coated with Liquid Heat, which melts to  $-25^{\circ}\text{F}$  to help the product work faster.
- Blue color additive helps prevent overapplication, which is the leading cause of tracking.
- Unlimited shelf life when stored properly.
- 100% soluble.
- Will not harm vegetation when used as directed.
- Safe for concrete when used according to manufacturer's specifications.
- Economical when used according to label directions.
- Available and packaged in 20 lb. bags (120 per pallet) or 50 lb. bags (48 per pallet) and is sold to wholesale distributors by the truckload (18 pallets per truckload).
- All pallets are covered with a UV resistant black pallet cover and triple-wrapped with commercial grade cellophane for storage.

## ARCTIC HEAT Ice Melt with Improved Melting (3056)

- 100% non-toxic to children and pets.
- Each granule is coated with Liquid Heat, which melts to  $-25^{\circ}\text{F}$  to help the product work faster.
- Blue color additive helps prevent overapplication, which is the leading cause of tracking.
- Unlimited shelf life when stored properly.
- It is 100% soluble.
- Will not harm vegetation when used as directed.
- Safe for concrete when used according to manufacturer's specifications.
- Economical when used according to label directions.
- Available and packaged in 50 lb. bags (48 per pallet) and is sold to end-users by the pallet and truckload (18 pallets per truckload).
- All pallets are covered with a UV resistant black pallet cover and triple-wrapped with commercial grade cellophane for storage.

## ICE BEATER

### Ice and Snow Melter (3066)

- Unique blend of ice melting agents, including exothermic pellets that combine to produce a safer, more efficient and cost-effective product.
- Colored light blue so you can easily see where it has been spread.
- Contains 15% calcium chloride exothermic pellets that give off heat instantaneously when combined with oxygen, snow and ice, which makes this product work much faster than just sodium chloride ice melt.
- Melts snow and ice down to -15°F.
- Available and packaged in 20 lb. bags (120 per pallet) or 50 lb. bags (48 per pallet) and is sold to wholesale distributors by the truckload (18 pallets per truckload).
- All pallets are covered with a UV resistant black pallet cover and triple-wrapped with commercial grade cellophane for storage.

## ICE BEATER - CLEAR

### Ice and Snow Melter (3066CLE)

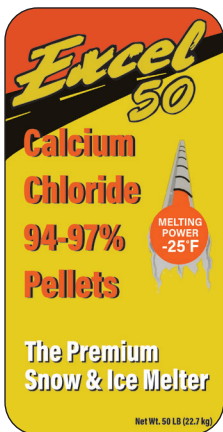

- Contains only biodegradable, natural minerals.
- Unique blend of ice melting agents, including exothermic pellets, combine to produce a safer, more efficient and cost-effective product.
- Contains 15% calcium chloride exothermic pellets that give off heat instantaneously when combined with oxygen, snow and ice, which makes this product work much faster than just sodium chloride ice melt.
- Melts snow and ice down to -15°F.
- Available and packaged in 20 lb. bags (120 per pallet) or 50 lb. bags (48 per pallet) and is sold to wholesale distributors by the truckload (18 pallets per truckload).
- All pallets are covered with a UV resistant black pallet cover and triple-wrapped with commercial grade cellophane for storage.

## SUB ZERO

### Snow and Ice Melt (3060)

- Non-tracking, resists staining of carpets and floors.
- Unlimited shelf life when stored properly.
- 100% soluble and contains only biodegradable, natural minerals.
- Will not harm vegetation when used as directed.
- Safe for concrete when used according to manufacturer's specifications.
- Economical when used according to label directions.
- Available and packaged in 50 lb. bags (48 per pallet) and is sold to wholesale distributors by the truckload (18 pallets per truckload).
- All pallets are covered with a UV resistant black pallet cover and triple-wrapped with commercial grade cellophane for storage.

## EXCEL 50

### Premium Snow and Ice Melter (3081)

- Chemically reacts with moisture to produce its own exothermic heat (hygroscopic).
- Melts snow and ice 2 to 5 times faster than rock salt and blended ice melters.
- Contains 100% white-crystalline prills that melt to -25°F.
- Available in 50 lb. bags (50 bags per pallet and 17 pallets per truckload).
- Meets ASTM D-98-93 and AASHTO M144-86 (1993) requirements for calcium chloride purity.
- All pallets are covered with a UV resistant black pallet cover and triple-wrapped with commercial grade cellophane for storage.
